Katya Marjon

Katya Marjon, PhD is a Principal Scientist/Associate Director at Agios Pharmaceuticals in Cambridge, MA. Dr. Marjon joined Agios Pharmaceuticals in 2010 in pursuit of precision medicine approaches targeting metabolic enzymes in human cancer. She served as cell biology team leader for Agios AG-270 oncology program (discovery and translational). As part of her training, Dr. Marjon studied Medicine at the Russian State Medical University, Moscow, Russia (1992-1998). She subsequently earned her PhD in Biomedical Sciences at the University of New Mexico (USA) in 2005 and conducted Postdoctoral Training in Cancer Biology at the University of Pennsylvania, Abramson Family Cancer Research Institute (2005-2010), supported by the Ruth Kirschstein National Service Award, NCI (2006). She is now leading Agios cancer exploratory team efforts toward finding future targets.
